

## CERTIFIED REGISTERED NURSE ANESTHETIST OPPORTUNITIES

Due to our continued growth, Wake Forest Baptist Health (WakeHealth.edu) has multiple needs for Certified Registered Nurse Anesthetists across our system. We are offering a **\$10K sign-on bonus and \$5K for relocation** (if required). These positions offer opportunities for **onsite continuing education** and are allowed **up to five days of paid time for additional education (in addition to their regular PTO)**.

We are a **nationally recognized academic health system** with an integrated enterprise including a Level 1 Trauma Center, a transplant center, educational and research facilities, hospitals, clinics, diagnostic centers, and other primary and specialty care facilities serving 24 counties in northwest North Carolina and southwest Virginia.

Wake Forest is located in beautiful **Winston-Salem**, a growing city of 230,000 people located in the Piedmont Triad region of North Carolina. Winston-Salem enjoys a **moderate climate**, all four seasons and features a **vibrant arts community**, plentiful indoor and outdoor **recreational opportunities** and an **excellent cost of living**. Information on the city and region may be found at [www.visitwinstonsalem.com](http://www.visitwinstonsalem.com) and [www.co.forsyth.nc.us](http://www.co.forsyth.nc.us).

### DUTIES

Our CRNAs provide care for all patients receiving general, regional, or monitored anesthesia. CRNAs need to be proficient at placing spinals, providing general anesthesia, and MAC's and must be able to administer all types of anesthesia to all age groups and any ASA status. They are role models of service excellence, patient advocacy, and professionalism by adhering to National Patient Safety Goals consistent with hospital and department policies and serve as Clinical Instructors for Wake Forest's Nurse Anesthesia program. CRNAs may be called upon to perform anesthesia in other areas of the hospital, i.e. ESWL Truck, Radiology, ICU. Participating in preoperative and postoperative patient evaluations is necessary.

### REQUIREMENTS

Our CRNAs must have attended an approved school of anesthesia and be certified by the American Association of Nurse Anesthetists. They are required to maintain a current Registered Nurse license and CRNA Recognition Certification for the state of North Carolina and must earn above forty continuing education points approved by the AANA every two years for recertification purposes.
